**OF THE LIVING AUSTRALIA 2011**

Dear Participant,

Shalom and thank you for your interest in the Australian Adult Program of the March of the Living 2011.

We very much appreciate your inquiries and thrive on your participation. We place our candidates at the center of our work and are committed to designing a trip that responds to each of our group's needs. We hope that the information provided here will help stimulate your interest in our program.

The March of the Living is a unique program that honors, commemorates and explores the past, present, and future of the Jewish people. This year, we will be celebrating the 63rd anniversary of Israel's Independence and the 23rd anniversary of the International March of the Living. By participating in the March of the Living you will experience the two central events of modern Jewish history: the Holocaust and the rebirth of the state of Israel.

Please find below the important dates and costs for the trip. Please note that space is limited and we accept people on a first-come first-serve basis.
